

**CHARTER OF THE AUDIT COMMITTEE
OF THE BOARD OF DIRECTORS OF
INTERCONTINENTAL EXCHANGE, INC.**

I. PURPOSE

The Audit Committee (the “Committee”) of the Board of Directors (the “Board”) of Intercontinental Exchange, Inc. (the “Company”) shall assist the Board in fulfilling its oversight responsibilities with respect to: (i) the integrity of the financial statements of the Company and the financial reports and other financial information provided by the Company to the public or any governmental body; (ii) the Company’s compliance with legal and regulatory requirements; (iii) the Company’s systems of internal controls regarding finance, accounting and legal compliance; (iv) the qualifications and independence of the Company’s independent auditors; (v) the performance of the Company’s internal audit function and independent auditors; (vi) the Company’s auditing, accounting, and financial reporting processes generally; and (vii) the performance of such other functions as the Board may assign from time to time. To this end, the Committee will maintain free and open communication with the Board, the independent auditors, the Company’s internal auditor, legal counsel and any other person responsible for the financial management of the Company. Consistent with its functions, the Committee will encourage continuous improvement of, and will foster adherence to, the Company’s policies, procedures and practices at all levels.

The Committee will primarily fulfill its responsibilities by carrying out the activities enumerated in Section IV of this Charter.

The Committee’s responsibility is one of oversight. In discharging its oversight role, the Committee is empowered to investigate any matter brought to its attention with full access to all books, records, facilities, and other personnel of the Company and the authority to engage independent counsel and other advisors as it determines necessary to carry out its duties and responsibilities. While the Committee has the responsibilities and powers set forth in this Charter, it is not the duty of the Committee to plan or conduct audits or to determine that the Company’s financial statements are complete and accurate and are in accordance with generally accepted accounting principles (“GAAP”) or, if applicable, international financial reporting standards (“IFRS”) and applicable rules and regulations. Management is responsible for the preparation, presentation, and integrity of the Company’s financial statements, and for maintaining appropriate accounting and financial reporting principles and policies and internal controls and procedures that provide for compliance with accounting standards and applicable laws and regulations. The Company’s independent auditors are responsible for planning and carrying out a proper audit of the Company’s annual financial statements, for reviewing the Company’s unaudited interim financial statements prior to the filing of each quarterly report on Form 10-Q, and annually auditing the effectiveness of internal control over financial reporting and other procedures.

The Committee does not provide any expert or other special assurance as to such financial statements or any expert or any professional certification as to the work of the Company’s independent auditors. In fulfilling their responsibilities hereunder, it is recognized that members of the Committee are not full-time employees of the Company and are not, and do not represent themselves to be, accountants or auditors by profession, including in respect of auditor independence, nor do they represent themselves to be, performing the functions of auditors or accountants. Therefore, it is not the duty or responsibility of the Committee or its members to

conduct “field work” or other types of auditing or accounting reviews or procedures or to set auditor independence standards. As such, each member of the Committee shall be entitled to rely on (i) the integrity of those persons and organizations within and outside the Company from whom he or she receives information, (ii) the accuracy of the financial statements and other information provided to the Committee by such persons or organizations absent actual knowledge to the contrary (which shall be promptly reported to the Board), and (iii) any representations made by management, the internal audit department or the Company’s independent auditors as to any non-audit services.

The independent auditors shall submit to the Committee annually a formal written statement (the “Auditors’ Statement”) describing: (i) the auditors’ internal quality-control procedures, (ii) any material issues raised by the most recent internal quality-control review or peer review of the auditors, or by any inquiry or investigation by governmental or professional authorities, within the preceding five years, respecting one or more independent audits carried out by the auditors, and any steps taken to deal with any such issues, and (iii) (to assess the auditors’ independence) all relationships between the independent auditors and the Company, including at least the matters set forth in the letter from the independent auditors required by the applicable requirements of the Public Company Accounting Oversight Board (the “PCAOB”).

The independent auditors also shall submit to the Committee annually a formal written statement of the fees billed in each of the last two fiscal years for each of the following categories of services rendered by the independent auditors: (i) the audit of the Company’s annual financial statements and the reviews of the financial statements included in the Company’s Quarterly Reports on Form 10-Q or services that are normally provided by the independent auditors in connection with statutory and regulatory filings or engagements; (ii) assurance and related services not included in clause (i) that are reasonably related to the performance of the audit or review of the Company’s financial statements, in the aggregate and by each service; (iii) tax compliance, tax advice and tax planning services, in the aggregate and by each service; and (iv) all other products and services rendered by the independent auditors, in the aggregate and by each service.

II. COMPOSITION, QUALIFICATIONS AND ORGANIZATION

The Committee will consist of at least three directors, or such greater number determined by the Board, each of whom the Board has determined has no material relationship with the Company and each of whom is otherwise “independent” under the rules of the New York Stock Exchange (“NYSE”) and Rule 10A-3 under the Securities Exchange Act of 1934 and under the Company’s Independence Policy of the Board of Directors. The Board will also determine that each member of the Committee is “financially literate” and able to read and understand fundamental financial statements, including the Company’s balance sheet, income statement, statement of changes in equity and cash flow statement. The Board shall also determine that one member of the Committee is a “financial expert” as defined by the rules of the Securities and Exchange Commission (“SEC”).

No director may serve as a member of the Committee if such director serves on the audit committees of more than two other public companies unless the Nominating and Corporate Governance Committee or the Board determine that such simultaneous service would not impair the ability of such director to effectively serve on the Committee and such determination is disclosed in the Company’s annual proxy statement or on the Company’s website.

Members of the Committee shall be appointed by the Board based on nominations recommended by the Nominating and Corporate Governance Committee and, unless otherwise directed by the Board, shall serve one-year terms. Members may be removed by the Board at any time with or without cause. Membership on the Committee shall automatically end at such time as a member ceases to be a member of the Board. Upon the removal or resignation of a member, the Board may appoint a successor to serve the remainder of the unexpired term. One member of the Committee will be appointed chairperson by the Board. If the Board fails to appoint the Committee's chairperson, the Committee will appoint one member of the Committee as chairperson. The Committee shall have the power to create subcommittees with such powers within its areas of responsibility as the Committee shall from time to time confer.

III. MEETINGS

The Committee will meet at least four times annually, more frequently as circumstances dictate, and will regularly report its activities to the Board of Directors. The Committee chairperson, with input from the Company, will establish the agenda for each Committee meeting. As part of its job to foster open communication, the Committee will meet at least quarterly with management, including some or all of the following: the Chief Financial Officer, corporate controller, legal counsel, internal auditor and others, as appropriate. The Committee may also meet with the internal auditor and the independent auditors in separate executive sessions from time to time to discuss any matters that the Committee or any of these groups believe should be discussed privately. In addition, the Committee will meet with the independent auditors and management quarterly to review the Company's financial statements, consistent with Section IV below. The Committee may request any officer or employee of the Company or the Company's outside counsel or independent auditors to attend a meeting of the Committee or to meet with any members of, or consultants to, the Committee. Members of the Committee may participate in a meeting of the Committee by means of conference call or similar communications equipment by means of which all persons participating in the meeting can hear each other.
