[SEC Filing](#)

On June 24, 2024, following the Annual Meeting, the Company filed the June 24, 2024 Charter Amendment with the Delaware Secretary of State. On July 5, 2024, the Company filed a Certificate of Correction with the Delaware Secretary of State to undo the June 24, 2024 Charter Amendment. As described below, the requisite votes were not in fact obtained at the Annual Meeting to approve the June 24, 2024 Charter Amendment, so the Company is reversing those changes and the June 24, 2024 Charter Amendment is deemed null and void ab initio. As a result of the Certificate of Correction, the Company's Amended and Restated Certificate of Incorporation filed on September 16, 2021 remains unchanged and in effect.
